63.4

Assignment of Benefit of Agreement

Unless prohibited by law, the Contractor shall, if so instructed by the Engineer within 14 days of such entry and termination referred to in Sub-Clause 63. 1, assign to the Employer the benefit of any agreement for the supply of any goods or materials or services and/or for the execution of any work for the purposes of the Contract, which the Contractor may have entered into.

15.2

Termination by Employer

The Contractor shall then leave the Site and deliver any required Goods, all Contractor's Documents, and other design documents made by or for him, to the Engineer. However, the Contractor shall use his best efforts to comply immediately with any reasonable instructions included in the notice (i) for the assignment of any subcontract, and (ii) for the protection of life or property or for the safety of the Works.

1.1

Definitions

1.1.2.8 “**Subcontractor**” means any person named in the Contract as a subcontractor, or any person appointed as a subcontractor, for a part of the Works; and the legal successors in title to each of these persons.

4.4

Subcontractors

(d) each subcontract shall include provisions which would entitle the Employer to require the subcontract to be assigned to the Employer under Sub-Clause 4.5 [Assignment of Benefit of Subcontract] (if or when applicable) or in the event of termination under Sub-Clause 15.2 [Termination by Employer].

FIDIC 4th Edition, 1987 is silent about any requirement to include provisions in Subcontracts about such entitlement of the Employer !

Assignment of Benefit of Agreement

The Subcontractor shall not, without the prior consent of the Contractor (which consent, notwithstanding the provisions of Sub-Clause 1.5, shall be at the sole discretion of the Contractor), assign the Subcontract or any part thereof, or any benefit or interest therein or thereunder, otherwise than by:

- (a) a charge in favour of the Subcontractor's bankers of any monies due or to become due under the Subcontract, or
- (b) assignment to the Subcontractor's insurers (in cases where the insurers have discharged the Subcontractor's loss or liability) of the Subcontractor's right to obtain relief against any other party liable.

Assignment of Subcontracts

Neither Party shall, without the prior consent of the other Party (which consent, notwithstanding Sub-Clause 1.6 [Notices, Consents, Approvals, Certificates, Confirmations, Decisions, and Determinations], shall be at the sole discretion of the other Party), assign the whole or any part of the Subcontract, or any benefit or interest in or under the Subcontract. However, no prior consent shall be required in the following instances:

- (a) either Party may, as security in favour of a bank or financial institution, assign its right to any monies due or to become due under the Subcontract; and/or
- (b) if the Engineer instructs the assignment of the Subcontract under Main Contract Clause 4.5 [Assignment of Benefit of Subcontract], or if the Employer terminates the Main Contract under Main Contract Clause 15.2 [Termination by Employer] and if required by the Employer to do so, then the Contractor shall be entitled to assign the Subcontract to the Employer.

Issues with Assignment Provisions in FIDIC :-

- Subcontractors may not want to work for the Employer if the Employer would not pay them for the Subcontract Works being carried out.
- Subcontractors may also want the previous payments from the Main Contractor settled before start working for the Employer.
- But the Main Contractor is not getting paid as he is terminated and therefore cannot pay the Subcontractors.
- Even if the Employer wants to pay directly, he cannot do that as the Main Contractor would later demand payment from the Employer for the same work (and also because it could give rise to a contractual relationship between them).
- Also the Employer cannot channel the payment through the Main Contractor :-
 - as there is no assurance that he will promptly pay the Subcontractor.
 - also because payments have to be retained until final account stage to recover Employer's additional costs of completing the Works and losses.
- Therefore it is advisable to make provisions in the Contracts :-
 - either, to replace the assignment provisions with novation provisions,

Assignment v Novation

Assignment

- Only the rights/benefits can be assigned
- Other Party's consent may be required (if stated in the contract), but that party need not be a party to the assignment

Novation

- Both the rights/benefits and the obligations/liabilities could be novated
- Tripartite agreement

- (2) The first contractor shall remain liable as towards the employer.

Article 891 :

A sub-contractor shall have no claim against the employer for anything due to him from the first contractor unless he has made an assignment to him against the employer.

Assignment and Subcontracting

The Contractor shall not, without the prior consent of the Employer (which consent, notwithstanding the provisions of Sub-Clause 1.5, shall be at the sole discretion of the Employer), assign the Contract or any part thereof, or any benefit or interest therein or thereunder, otherwise than by:

- (a) a charge in favour of the Contractor's bankers of any monies due or to become due under the Contract, or
- (b) assignment to the Contractor's insurers (in cases where the insurers have discharged the Contractor's loss or liability) of the Contractor's right to obtain relief against any other party liable.

Neither Party shall assign the whole or any part of the Contract or any benefit or interest in or under the Contract. However, either Party:

- (a) may assign the whole or any part with the prior agreement of the other Party, at the sole discretion of such other Party, and
- (b) may, as security in favour of a bank or financial institution, assign its right to any moneys due, or to become due, under the Contract.

BOOK TWO – SPECIFIC CONTRACTS

Part III – CONTRACTS FOR HIRE OF SERVICES

Chapter 1 - Contracts for Work - Section I - General Rules of Contracts for Work:

Fourth: Assignment of Contract and Sub-contracts:

Article 605

(a) A sub-contractor and workmen working for a contractor in the execution of a contract have a direct right of action against the employer but only to the extent of such sums as are due by the employer to the main contractor on the date that action is commenced.

(b) Workmen of a sub-contractor likewise have the same right of action against the main contractor and the employer to the extent of the claims in question.

Article 606

The rights of a sub-contractor and workmen provided for in the preceding Article have priority over those of a person to whom the main contractor has assigned sums due to him by the employer. In case of plurality, they shall recover their rights in proportion to the debt owed to each of them.

French Law

- Main Contractors have an obligation to provide bank guarantees to Subcontractors for the full anticipated Subcontract Price of each Subcontract.
- Employers have an obligation / duty to ensure that their Contractors discharge the above obligation.
- Therefore if an Employer does not ensure that its Contractor provides such a bank guarantee to a Subcontractor, then the Employer would become liable to pay the Subcontractor any due amounts that the Contractor fails to pay.

Law No. 22 of 2004 – Qatari Civil Code

BOOK TWO - CHAPTER III

Contracts Pertaining to Works - Section 1 - Contracts of Work

Sub-Section 1 - General Principles of a Contract of Works

5. Termination of a Contract of Works

Article 702 :

1 - The subcontractor and labourers who work for the main contractor while the work is being carried out will have the right to claim directly from the employer no more than the amount by which he is indebted to the main contractor from the time the action is brought and the subcontractor's labourers will have the same right in respect of both the main contractor and the employer.

2 - The aforementioned subcontractor and labourers, when they levy an attachment in respect of the employer or main contractor, will have a priority right over the amounts due to the main contractor or the subcontractor at the time such attachment is levied and the priority right of each of them will be in proportion to his right and payment of these amounts may be made directly to them.

3 - Such rights of a subcontractor and labourers as are established under this article will be preferred to the rights of those to whom the contractor assigns his right in respect of the employer.

Options to be considered, (if the likelihood of non payment, by Employer to MC, exists), by:-

➤ the Subcontractors :-

- Possibility of direct contracts with Employers, rather than becoming a domestic or nominated Subcontractor to a Main Contractor.
- Insisting on secure payment terms from Main Contractors (such as Letters of Credit).

➤ the Subcontractors and the Main Contractors :-

- Either, selecting a Law which provides protection, as the governing law,
- or, getting provisions similar to those therein, drafted into the Main Contracts and the Subcontracts (and all tiers of sub-subcontracts).

What options should the Employer consider (if the likelihood of non payment / late payment, by the MC to S/c, exists) ?

Causes of late payments by Main Contractor:-

- Employer not paying the Main Contractor in a timely and adequate manner.
- Late and/or inadequate payments by Main Contractor to Subcontractor due to:-
 - Deficiencies in pricing the tender during the pre-contract stage.
 - Deficiencies in valuation of variations.
 - Deficiencies in reserving rights and claiming loss and expense.
 - Deficiencies in interim / final payment applications.
 - Undue levying on Subcontractors, of the recoveries made under the Main Contract.
 - Not being diligent in recovering from the Employer, the dues of the Subcontractor (especially towards the end of a project where the Main Contractors' scope is nearly complete and paid for).
 - Channelling the received payments to fund the Main Contractor's other needs / other projects.
 - Undue attempts of belated negotiations to get further discounts from a Subcontractor (sometimes even after the Subcontract Works have been completed and taken-over !)

Abu Dhabi orders prompt payments to construction contractors and suppliers

Contractors and suppliers will also have to pay subcontractors within 30 days of receipt of government payments

GULF BUSINESS

Abu Dhabi, the capital of the United Arab Emirates, has instructed government departments and state-owned companies to pay construction contractors and suppliers within 30 days of receipt of invoices, a document seen by Reuters showed.

Contractors in the UAE have been bruised over the past few years after a drop in oil prices slowed economic growth.

In a circular from the Executive Council dated March 26, Abu Dhabi also asked to amend contracts so to oblige contractors and suppliers to pay subcontractors within 30 days of receipt of government payments. "The government is always keen on encouraging the private sector and paying its financial dues," the document said.

Options to be considered, (if the likelihood of non payment, by MC to S/c, exists), by:-

➤ the Employers :-

In order to prevent a project suffering from progress interruptions and also to prevent injustice to Subcontractors, all Employers should :-

- extend the Nominated Subcontract direct payment provisions in the FIDIC Red Books to include domestic Subcontractors as well.
- add such direct payment provisions to the FIDIC Yellow book.
- strictly administrate direct payment provisions when a request is made.
- specify in contracts a right to demand proof of payment to Subcontractors.
- consider adding an obligation of the Contractor to provide security for Subcontract payments, by way of bank guarantees / Letters of Credit.
- consider adding a step-in right clause to the Collateral Warranty, to avoid the project suffering from the departure of a specialist Subcontractor.

➤ the Subcontractors :-

- Possibility of direct contracts with Employers, or being appointed as Nominated Subcontractors rather than becoming domestic Subcontractors to Main Contractors.
- Insisting on secure payment terms from Main Contractors (such as Letters of Credit).

4.2

Assignment of Subcontractors' Obligations

In the event of a Subcontractor having undertaken towards the Contractor in respect of the work executed, or the goods, materials, Plant or services supplied by such Subcontractor, any continuing obligation extending for a period exceeding that of the Defects Liability Period under the Contract, the Contractor shall at any time, after the expiration of such Period, assign to the Employer, at the Employer's request and cost, the benefit of such obligation for the unexpired duration thereof.

4.4

Subcontractors

- (d) each subcontract shall include provisions which would entitle the Employer to require the subcontract to be assigned to the Employer under Sub-Clause 4.5 [Assignment of Benefit of Subcontract] (if or when applicable) or in the event of termination under Sub-Clause 15.2 [Termination by Employer].

4.5

Assignment of Benefits of Subcontracts

If a Subcontractor's obligations extend beyond the expiry date of the relevant Defects Notification Period and the Engineer, prior to this date, instructs the Contractor to assign the benefit of such obligations to the Employer, then the Contractor shall do so. Unless otherwise stated in the assignment, the Contractor shall have no liability to the Employer for the work carried out by the Subcontractor after the assignment takes effect.

Collateral Warranty :-

- Privity of contract prevents a third party from enjoying any rights / benefits under a contract made between two other parties unless such right is specified in the contract.
- A third party (such as a prospective buyer of the finished facility or the financier or a prospective tenant or any other) who has an interest in the facility may want an assurance that a specialist Subcontractor :-
 - is complying with the specified quality requirements.
 - would not quit without notifying him if the Main Contractor defaults on payments, so that he can step in and make the payment to ensure work continuance / completion.
- To facilitate the above :-
 - Employers include in contracts a requirement to write a provision in the subcontracts requiring the Subcontractors to execute a Collateral Warranty with third parties to be named later.
 - Attach to the contract a specimen of the Collateral Warranty Agreement.
 - Main Contractors include the requirement in Subcontracts, and attach the specimen to the Subcontracts.
 - When called upon to do so, the Subcontractors should execute it.
- Collateral Warranty requirements are enforceable in the UAE.

Types of Subcontracts :-

- Domestic Subcontracts.
- Nominated Subcontracts :- 1. Nominated under PS 2. Nominated in Contract
- Who is responsible for the delays caused by Nominated Subcontractors ?

59.1 All specialists, merchants, tradesmen and others executing any work or supplying any goods, materials, Plant or services for which Provisional Sums are included in the Contract, who may have been or be nominated or selected or approved by the Employer or the Engineer, and all persons to whom by virtue of the provisions of the Contract the Contractor is required to subcontract shall, in the execution of such work or the supply of such goods, materials, Plant or services, be deemed to be subcontractors to the Contractor and are referred to in this Contract as “nominated Subcontractors”.

Subcontracting 4.1 The Contractor shall not subcontract the whole of the Works. Except where otherwise provided by the Contract, the Contractor shall not subcontract any part of the Works without the prior consent of the Engineer. Any such consent shall not relieve the Contractor from any liability or obligation under the Contract and he shall be responsible for the acts, defaults and neglects of any Subcontractor, his agents, servants or workmen as fully as if they were the acts, defaults or neglects of the Contractor, his agents, servants or workmen.

Provided that the Contractor shall not be required to obtain such consent for:

- (a) the provision of labour,
- (b) the purchase of materials which are in accordance with the standards specified in the Contract, or
- (c) the subcontracting of any part of the Works for which the Subcontractor is named in the Contract.

4.4

Subcontractors

The Contractor shall not subcontract the whole of the Works.

The Contractor shall be responsible for the acts or defaults of any Subcontractor, his agents or employees, as if they were the acts or defaults of the Contractor. Unless otherwise stated in the Particular Conditions:

- (a) the Contractor shall not be required to obtain consent to suppliers of Materials, or to a subcontract for which the Subcontractor is named in the Contract;
- (b) the prior consent of the Engineer shall be obtained to other proposed Subcontractors;
- (c) the Contractor shall give the Engineer not less than 28 days' notice of the intended date of the commencement of each Subcontractor's work, and of the commencement of such work on the Site; and
- (d) each subcontract shall include provisions which would entitle the Employer to require the subcontract to be assigned to the Employer under Sub-Clause 4.5 [Assignment of Benefit of Subcontract] (if or when applicable) or in the event of termination under Sub-Clause 15.2 [Termination by Employer].

5 Nominated Subcontractors

5.1

Definition of "nominated Subcontractor" In the Contract, "nominated Subcontractor" means a Subcontractor:

- (a) who is stated in the Contract as being a nominated Subcontractor, or
- (b) whom the Engineer, under Clause 13 [Variations and Adjustments], instructs the Contractor to employ as a Subcontractor.

Types of Subcontracts :-

- **Domestic Subcontracts.**

The dissolution of a contract

Article 272 :

- (1) In contracts binding on both parties, if one of the parties does not do what he is obliged to do under the contract, the other party may, after giving notice to the obligor, require that the contract be performed or cancelled.
- (2) The judge may order the obligor to perform the contract forthwith or may defer (performance) to a specified time, and he may also order that the contract be cancelled and compensation paid in any case if appropriate.

16.1

Subcontractor's Entitlement to Suspend Work

If the Contractor fails to pay any amount which is due to the Subcontractor pursuant to:

- Clause 14 [Subcontract Price and Payment] but subject to sub-paragraphs (a) to (d) of Sub-Clause 14.6 [Interim Subcontract Payments]; or
- a Subcontract DAB's decision,

the Subcontractor may, after giving not less than 21 days' notice to the Contractor, describing such failure of payment, suspend work (or reduce the rate of work) unless and until the Subcontractor receives payment.

.....

18.3

Contractor's Power

The Contractor may in lieu of giving a notice of termination under this Clause take part only of the Subcontract Works out of the hands of the Subcontractor and may by himself or any other contractor execute and complete such part of the Subcontract Works and remedy any defects therein and in such event the Contractor may recover his costs of so doing from the Subcontractor, or deduct such costs from monies otherwise becoming due to the Subcontractor.

Conditions of Hire of Contractor's Equipment	54.5	With a view to securing, in the event of termination under Clause 63, the continued availability, for the purpose of executing the Works, of any hired Contractor's Equipment, the Contractor shall not bring on to the Site any hired Contractor's Equipment unless there is an agreement for the hire thereof (which agreement shall be deemed not to include an agreement for hire purchase) which contains a provision that the owner thereof will, on request in writing made by the Employer within 7 days after the date on which any termination has become effective, and on the Employer undertaking to pay all hire charges in respect thereof from such date, hire such Contractor's Equipment to the Employer on the same terms in all respects as the same was hired to the Contractor save that the Employer shall be entitled to permit the use thereof by any other contractor employed by him for the purpose of executing and completing the Works and remedying any defects therein, under the terms of the said Clause 63.
Costs for the Purpose of Clause 63	54.6	In the event of the Employer entering into any agreement for the hire of Contractor's Equipment pursuant to Sub-Clause 54.5, all sums properly paid by the Employer under the provisions of any such agreement and all costs incurred by him (including stamp duties) in entering into such agreement shall be deemed, for the purpose of Clause 63, to be part of the cost of executing and completing the Works and the remedying of any defects therein.
Incorporation of Clause in Subcontracts	54.7	The Contractor shall, where entering into any subcontract for the execution of any part of the Works, incorporate in such subcontract (by reference or otherwise) the provisions of this Clause in relation to Contractor's Equipment, Temporary Works or materials brought on to the Site by the Subcontractor.

Conditions of Hire of Contractor's Equipment	54.5	With a view to securing, in the event of termination under Clause 63, the continued availability, for the purpose of executing the Works, of any hired Contractor's Equipment, the Contractor shall not bring on to the Site any hired Contractor's Equipment unless there is an agreement for the hire thereof (which agreement shall be deemed not to include an agreement for hire purchase) which contains a provision that the owner thereof will, on request in writing made by the Employer within 7 days after the date on which any termination has become effective, and on the Employer undertaking to pay all hire charges in respect thereof from such date, hire such Contractor's Equipment to the Employer on the same terms in all respects as the same was hired to the Contractor save that the Employer shall be entitled to permit the use thereof by any other contractor employed by him for the purpose of executing and completing the Works and remedying any defects therein, under the terms of the said Clause 63.
Costs for the Purpose of Clause 63	54.6	In the event of the Employer entering into any agreement for the hire of Contractor's Equipment pursuant to Sub-Clause 54.5, all sums properly paid by the Employer under the provisions of any such agreement and all costs incurred by him (including stamp duties) in entering into such agreement shall be deemed, for the purpose of Clause 63, to be part of the cost of executing and completing the Works and the remedying of any defects therein.
Incorporation of Clause in Subcontracts	54.7	The Contractor shall, where entering into any subcontract for the execution of any part of the Works, incorporate in such subcontract (by reference or otherwise) the provisions of this Clause in relation to Contractor's Equipment, Temporary Works or materials brought on to the Site by the Subcontractor.

FIDIC (Old) Red Book - 4

Contractor's Equipment, Temporary Works and Materials

Contractor's Equipment, Temporary Works and Materials; Exclusive Use for the Works	54.1	All Contractor's Equipment, Temporary Works and materials provided by the Contractor shall, when brought on to the Site, be deemed to be exclusively intended for the execution of the Works and <u>the Contractor shall not remove the same or any part thereof, except for the purpose of moving it from one part of the Site to another, without the consent of the Engineer.</u> Provided that consent shall not be required for vehicles engaged in transporting any staff, labour, Contractor's Equipment, Temporary Works, Plant or materials to or from the Site.
Employer not Liable for Damage	54.2	The Employer shall not at any time be liable, save as mentioned in Clauses 20 and 65, for the loss of or damage to any of the said Contractor's Equipment, Temporary Works or materials.

Delay Damages

Should the Delay Damages (i.e. the Liquidated Damages or the Penalties) in the Subcontract be the same as those in the Main Contract ?

No ☐

Yes ☐

4.1 The Contractor shall make the Main Contract (other than the details of the Contractor's prices thereunder as stated in the bills of quantities or schedules of rates and prices as the case may be) available for inspection to the Subcontractor
.....The Contractor shall, in any event, provide the Subcontractor with a copy of the Appendix to Tender of the Main Contract together with Part II of the Conditions of Main Contract
.....The Subcontractor shall be deemed to have full knowledge of the provisions of the Main Contract (less such details of the Contractor's prices).

4.2 The Subcontractor shall so execute and complete the Subcontract Works that no act or omission of his in relation thereto shall constitute, cause or contribute to any breach by the Contractor of any of his obligations under the Main Contract
4.4 If the Subcontractor commits any breaches of the Subcontract, he shall indemnify the Contractor against any damages for which the Contractor becomes liable under the Main Contract as a result of such breaches. In such event, the Contractor may, without prejudice to any other method of recovery, deduct such damages from monies otherwise becoming due to the Subcontractor.

8.7 If the Subcontractor fails to comply with Sub-Clause 8.2 [Subcontract Time for Completion] and this failure causes or contributes to a failure by the Contractor to comply with Main Contract Clause 8.2 [Time for Completion] the Contractor shall, subject to Sub-Clause 3.3 [Contractor's Claims in connection with the Subcontract], be entitled to deduct delay damages from the Subcontract Price for this default. The liability of the Subcontractor to the Contractor for delay to the Subcontract Works shall be limited to the amount stated in the Appendix to the Subcontractor's Offer.

If no amount is stated in the Appendix to the Subcontractor's Offer, the liability of the Subcontractor to the Contractor for delay to the Subcontract Works shall be limited to 10% of the Accepted Subcontract Amount.

(2) Performance by way of compensation

Article 390 :

- (1) The contracting parties may fix the amount of compensation in advance by making a provision therefor in the contract or in a subsequent agreement, subject to the provisions of the law.
- (2) The judge may in all cases, upon the application of either of the parties, vary such agreement so as to make the compensation equal to the loss, and any agreement to the contrary shall be void.

Should Compensation be Equal to the Loss ?

Federal Supreme Court Case No. 103/24 dated 21 March 2004

The effect of the provisions of Article 390 of the Civil Code is that in order for a penalty for delay - consensual compensation - to be paid, it is not sufficient that just the element of default should have been made out on the part of the obligor under the obligation. It is also necessary that the element of damages sustained by the obligee should be made out. If the obligor negates the element of damage, then the prescribed penalty will lapse. It is open for the judge to reduce the penalty for delay stipulated in private muqawala contracts if it is proved that they are excessive and the amount of damage is less than the amount of the agreed penalty, on the basis that compensation should be awarded in proportion to the damage. The damage is the loss in fact sustained by the aggrieved party, and his missed earnings. The trial court is obliged to include in its judgement a statement of the elements consisting damage taken into account in the penalty.

The effect of the provisions of Article 390 of the UAE Civil Code (Cont'd) :-

Commentary on the Civil Code issued by the UAE Ministry of Justice

If the damages are due and equal to the loss sustained, then the liquidated damages agreement in question shall be upheld. However, if the due damages are not equal to the loss sustained, the judge shall have the discretion upon the request of one of the parties, to increase or decrease the amount of these damages in order to reflect the loss suffered. This is in line with the Shari'ah principles under which compensation shall be equal to actual loss suffered.
